

## POSTPONEMENT OF THE CONGRESS

Dear Participant,

We regret to inform you that the spread of the Covid-19 virus has forced us to move the congress to 12-14 July 2020, in Prague.

We are sure you understand that this forced choice has been very painful and will probably have consequences for all of us. However, the Steering Committee, together with the Patient Board, has done its best to maintain the integrity of the congress and its lectures, workshops, opportunities for networking etc.. Our main goal is to be sure that the Scleroderma community carries on, is ever stronger and can meet safely.

We hope that you will be able to attend the July edition of the Systemic Sclerosis World Congress.

Best regards.

The Steering Committee

Local Organizing Committee
