

Systemic sclerosis is more than skin deep: Exploring unmet needs and future treatment directions

Date:
Friday 15 March 2024
12:00–13:30 (CET)

Venue:
Prague Congress Center
Prague, Czech Republic

In a live panel discussion, an expert faculty will explore the unmet needs that must be addressed to improve the lives of those with systemic sclerosis, from improvements to the patient journey to the development of new and innovative treatments.

Please find details of the symposium in the agenda below.

Agenda

Expert faculty: Oliver Distler (chair), Dinesh Khanna and Vanessa Smith
